THE NEGRO JANITOR'S TESTIMONY.

The negro Parker, when he was examined before the Congressional committee last spring, swore positively that he did not light the gas in the office on the Wednesday night before the burglary; that he went to the office rather late, having been to Georgetown, and said if there was any light burning he had turned it out and gone to bed as usual. To-day almost the first thing he said when put on the witness stand was that he was mi-taken when he so testified before the investigating committee, and swore in the mostipositive manner that he had highed the gas in the office on Wednesday bight and kept it burning all in gittand that he slept in the back room as Mr. Harrington had directed. It is so apporent that this witness had been tampered with and prepared for to-day's examination that I give verbatim the remainder of his examination.

THE TWO MASS MEETINGS. GOV. SEYMOUR IN BROOKLYN AND GOV. DIX IN NEW YORK.

An Enrest of what the City of Churches will do at the Polls on Tuesday Next-A Crush in the Brooklyn Academy of Music.

The Brooklyn Academy held four thousand Democrats at the mass ratification meeting last night called by the Democratic General Committee. A calcium light blazed down Montague street and showers of bursting rockets lighted the sky. Inside the Academy the stage scenery was shifted and seats for hundreds were filled behind the Chairman's stand. Mayor Hunter, William C. Kingsley, Thomas Kinsella and Hugh McLaughlin were in the boxes; Richelieu Robnson, the Hon. W. A. Fowler, the Hon. Wm. C. Dewitt, Edward Rowe. Thomas Carroll, and a host of others, were on the stage. Luther O'Reilly's band were in the orchestra. As Henry C. Murphy, Horatio Seymour and Francis Kernan walked on the stage the assembly cheered to the echo. Hundreds arose and waved their handkerchief, and hais, and gentlemen on the platform greeted the party leaders with hurrahs, and the band played "Hail to the Chief." Mr. Samuel J. Tilden and William Dorshelmer were expected, and cheers were given by the throng in the belief that they were on the stage. Later in the evening the Chairman announced their unavoidable absence. Mr. Edward Rowe called the meeting to order and said that he would be pleased to introduce to the assembly one who had been Governor, one who ought to have been, and one whom he expected yet to be Governor. The Hon. Henry C. Murphy was made permanent Chairman, and the following ratifying resolutions were adopted with cheers: McLaughlin were in the boxes; Richelieu Rob-

In behalf of the State nominations Mr. Murphy said that in the range of his experience he knew of no better man for Governor than Samuel J. Tilden, and he could say for him that where a Marcy and a Wright and a Seymour had been Mr. Tilden would sit without discredit. He asked for a ratification of the Democratic State, county and city tickets, and called for a vote. A unanimous response was given, and cheers followed cheers.

DIX ON THE THIRD TERM.

As the Governor was about to retire, several persons in the auditorium shouted, "What about the third term?" The Governor turned toward the audience and said that he had regarded the discussion of that question at this time as premature. He was not willing to thrust a declaration of his views upon the people in this canvass. "But." he continued, "as you have asked the question, I will answer it frankly. I say distincty that I am not in favor of a third term." [Applause.] The Governor added that forty years ago he proposed an amendment to the Constitution extending the President's term to six years. Until that amendment was made he favored the rule which had its origin in the breast of Washington and had been followed by all of his successors. "That rule," said the Governor, "has acquired almost as much force as though it had been incorporated in the Constitution. Any violation of it would be received with marked disapproval. Gen. Washington and Gen. Jackson were honored with two terms and declined to accept another nomination. I have no doubt that when Gen. Grant deems that the time to speak has arrived ne will ask to be relieved from the further cares of office, and will give by his action additional force to the example set by his illustrious predecessors."

OTHER MEETINGS.

The Fourth Ward Ablaze Tilden's Majority

to be Sixty Thou and.
The largest out-door gathering of the campaign was at the junction of Madison and Roosevelt streets and the New Bowery last night. The old-line Democracy turned out in parencies, Chinese lanteres, and flags brightened parencies, Chinese lanterrs, and flags brightened up the scene. The speakers' stand was gain decorated, and over it was a fine portrait of Samuel J. Tilden. The Hon. Jeremiah Murphy presided, and the Hon. James Oliver and exDeputy Sheriff Patrick Divver were secretaries. A first-class band was on hand. Mr. Oliver read the resolutions. Major Haugerty delivered the first speech. He made home thrusts every time, and was loudly applauded. The most teiling speech of the evening was that of Gen. Spinola. "New York," said the General, "will roll up a majority of 60.00 for Tilden." He referred to the robberies of the people perpetrated by the Administration—the Credit Mobilier swindle, the general order frauds, the Sanborn and Jayne swindles, and the infamous press gag law, tills remarks were enthusiastically applauded. Counsellor Breen in a brief speech denied the stories that Mr. E. R. Meade, the Tammany candidate for Corgress, is not a resident of the district, and said that Mr. Meade had nothing to do with the prosecution of Gen. Michael Corcoran. While the counsellor was speaking there were many shouts for Judge Edward Hogan (the opposition candidate to Mr. Meade had there was a prospect of a row. There seemed to be a strong feeling in Judge Hogan's favor.

Mr. E. R. Meade followed Counsellor Breen, and declared himself opposed to the gag law, railroad monopolies, and all Congressional jobs. His words were evidently not suited to the ears of many in the gathering who persisted in shouting for Judge Hogan's favor.

The Chairman said that the people's candidates in the Eighth and Tenth Assembly Districts were certain to be elected. Mr. Hanbury predicted the overthrow of the Taumany Ring in the Fourteenth District, and the election of Luke F. Cozzeis to the Legislature. Patrick Mynan for Alderman in the Seconth Senatorial District, and Judge Thomas R. Snields for the Assembly from the Twenty-third Ward, were announced as people's candidates. We have received credible information of the fact that Lewis Merrill, Major Seventh Regular United States Cavalry, an officer under your command, did, on the 22d inst., at the city of Shreveport, make an affidavit for the arrest of a large number of citizens of this state. The offence charged by said officer is one strictly cognizable by the civil courts, and appertains in no manner to the military evice. As you are aware, a political campaign is being conducted in this State under the Constitution and laws of the country, and the effect intended by this exhibition of z-al of this military officer cannot be otherwise than to throw the tinuence of the power of his official position against the political party of which we are the organs. Having but recently arrived in that section of the country, and it not appearing in his affidavit that his rights have been laterfered with, we cannot characterize his gratuitous services in that behalf as otherwise than unmilitary ansitutions, the condition of the country, and it not appearing in the conflict with the spirit of our state of the positive of the protest against the condition of the country, and it are asy matter to subordinate civil to minitary power, which our follow-citizens at the North are quietly, by their votes, denouncing as an our rage against the Constitution, liberty and rights of civil government.

NEW IBERTA, Oct. 26.—The St. Martin's prisoners were brought here to-day by a United States deputy marshal and a squad of cavalry. A preliminary examination was held before United States Commissioner E. H. Riddell, District Clerk of Iberia. The arrests were made under the Ku-Kiux act. Two of the prisoners were held to bail in \$6,000 each, and one in \$1,000 to appear before the United States District Court for trial. The foguth, A. Herbert, was discinged. ARRESTS IN CLAIBORNE PARISH.

MONROE, La., Oct. 26.—N. J. Scott, parish Judge, and J. W. Ramsey, Recorder of Claiborne parish, Dr. Richardson, Mayor of Homer, and James Huey, S. Mayfield, and P. L. Phillips of Lincoln, were brought here this morning under a cavairy escort. Dr. Richardson and Huey were handcuffed together. The parties were imprisoned under close guard in the Sheriff's office, to which their counsel were admitted on written orders. The Claiborne prisoners are charged with an attempt to break up a peaceable assemblaze on the 11th July in Homer, when, in reality, Mayor Richardson. Ramsey, and Scott were active in preventing a riot. The Lincoln prisoners are charged with an attempt to compel Mr. Jewett, by whom warrants were issued, to resign as Commissioner in Lincoln. The prisoners declare they did not know he was a Commissioner, and never made such a demand. The prisoners were arrested and taken away without time to consult with their families or get a change of clothes. When Huey asked for authority for his arrest Lieut. Hodgson in charge of the cavalry drew a repeater saying: "This is my authority." A squad of soldiers was brought in with loaded carbines, when Deputy Marshai Selye drew a pair of handcuffs and placed them on Huey's wrists with his hands behind his back. The entire party were lodged last night in Lincoln fail. A room in the fail here is being prepared for them. Claiborne and Lincoln are Democratic parishes. Marshai Selye refused to obey the writ of habeas corpus issued by District Judge Trimble, a Republican. The telegraph wires were cut after leaving Homer. A prominent Granger and minister states that the Lieutenant gave orders to cut the wires and bring him pieces of it.

Great indignation is felt here at the arrest and harsh treatment of the prisoners; but the feeling is to submit to the course of the laws. The belief is general that the arrests were made for political effect. The premininary trial is fixed for to-mornow ARRESTS IN CLAIBORNE PARISH.

The Republicans of Kings county, yesterday afternoon, in County Convention, reconsidered the ticket they had put in the field. Gen. Catlin sent a letter withdrawing from the race for District Attorney in favor of Gen.

France's Peaceful Foreign Policy. Paris, Oct. 26.—At a banquet at Bor-eaux the Duke Decazes, Minister of Foreign Affairs, spoke as follows: "President MacMahon has intrusted me particularly to watch the maintenance of peace with other Governments, and I shall not fail. Peace, however, must rest and I shall not fail. Peace, however, must rest upon a basis compatible with our interests and dignity—namely, the rights of France. In respect to international treaties, I claim that they have been strictly observed in the past, and I shall faithfully execute them in the future.

The Duke foreshadowed the speedy conclusion of a treaty with the United States insuring a more liberal treatment of the commercial interests of the two countries, and said the Government had similar objects in view with regard to the South American Governments.
